Hi Stephen,

Ron Fein, Ann Williams, Ellen Weitzler and I have a meeting scheduled with you for Monday afternoon (8/29) at 1:30 to discuss the 60 day citizens suit notice we received on the St Croix alewives passage issue. If you have time and want a little background prior to our meeting, I suggest you skim the first 4 or 5 answers to the frequently asked questions on the IJC website. It is a nice concise summary of what the fisheries experts think about the science.

Steve asked me to send along the draft Adaptive Management Plan from April 2010.

(See attached file: St. Croix AMP April 23 2010.pdf)

There are related documents at the IJC International St. Croix River Watershed Board web site under the heading of "Publications/Maps." http://www.ijc.org/conseil_board/st_croix_river/en/stcroix_home_accueil.htm You also can find the 100 or so public comments received on the draft plan.
